

# FAIR-VIEWS

FAIRVIEW PARK JUNIOR WOMEN'S CLUB

VOL. IV No. 2

October, 1959

REGULAR MEETING

OCTOBER 19, 1959

8 P. M.

BAIN CABIN

"There's no business like show business", and to find out why, just be at the Cabin next Monday night when John Price, founder and producer of the Musicarnival, will take us into the world of make-up, bright lights and musical comedy.

Mr. Price, a graduate of Cleveland Heights High, has been active in the entertainment field for over 20 years, both in radio and TV and on the stage, as an actor, a producer, and a director. Clevelanders will remember him best as Mr. Weather-Eye of local TV.

With the popularity of Musicarnival putting attendance over the quarter-of-a-million mark in its sixth season, Mr. Price started another in Palm Beach in 1958, and has received coverage in both LIFE and TIME magazines. Musicarnival's affiliation with the Drama Department of Western Reserve University has been a model for similar arrangements at other universities.

Perhaps we'll get some tips for our Follies next May!

Greeting you at the door will be Laverne Orvis and Jean Spall, and Annabelle Willard and Henrietta Speth will take charge of the refreshments.

## A WORD FROM PAT

Fall is here -- and all of our Committees and Activities seem to be off to a good start.

The Bowlers are bowling, the Bridge Players are playing, the Reporters are busily hunting news, and our Civic and Welfare committees are busy with all their good works.

The girls from Ways and Means say to get your baby sitters now for November 14th. They will be calling soon for your ticket reservations for the dance.

Welcome to the Board to our two new Members-at-Large, Mary Seed and Gloria Nicol.

Just a typical month for the very active Fairview Juniors.

Pat Westfall  
President

WELFARE'S WAYS

Norma Babbes

General Welfare Chairman, Norma Golladay, announces two new chairmen for the Welfare Groups. Heading the Service Committees will be Jean Spall, and planning the trips to Apple Creek State Hospital will be Nita Facke.

\*\*\*\*\*

Apple Creek is in need of used towels and used men's clothing. There are so many more men than towels, that they have been forced to use sheets when they are bathed three times weekly. Let's try to eliminate this situation! Every member is asked to bring any items which would fall into either category -- towels or clothing -- to either the October or November meetings. Items collected will be taken down to Apple Creek at Christmas time.

\*\*\*\*\*

Six members attended the movie party given for the ward at Cleveland Psychiatric Institute on October 5. Helen Ashton, Norma Golladay, Pat Pensiero, Jean Spall, Carolyn Stuart, and Sandy Switzer helped make the first party of the year a success. Dr. Tepaz spoke to our Junior Women prior to the party, and informed them that more teen-agers are being added to the ward. This will make for a livelier group and livelier parties, so more girls are needed every month. Please call Carolyn Stuart if you would like to join this group.

\*\*\*\*\*

Anyone interested in service activities such as wrapping bandages for cancer patients or wrapping Christmas presents for Apple Creek, please call Jean Spall, ED 1-8138. These will be done at meetings in the girls' homes.

\*\*\*\*\*

MARY'S MEANDERINGS

Mary Hoffner

Your reporter was privileged to attend what I believe is a first for our club. Our member KITTY PENNELL's lovely daughter VIRGINIA was married September 26th. President PAT was there, looking very chic in a beige sheath and carrying a leopard muff.

Another member looking very trim these days is HELEN DENOVA. She has lost 18 pounds the hard way -- by dieting.

One way not to lose weight is to attend one of HESTER BURDICK's clambakes. She and MEL have become very proficient cooks this summer.

GINNY DRISCOLL says she and ED were "island hopping" this summer -- from Put-in-Bay to Block Island, Rhode Island, and Long Island.

Other travelers include KAY and PAUL LEIMKUEHLER. They are spending a few days in Dallas, Texas, before going on to Mexico City, Acapulco and Taxco. PAUL will be installed as president of the Orthopedic and Appliance Limb Mfg. Assoc.

Not going anywhere, but busy holding open house for Iowa relatives and friends is new member ROSALIE DONNELLY.

Another new member, CAROL LARSEN and husband WALLY, have an exciting hobby. They are sports car enthusiasts. This summer they won a trophy at the National Rally, and were the only Cleveland entrants in the Austin-Healy class. Last week they were convention-bound by jet to San Francisco, and after a day or so at home will be off to Bedford Springs, Pennsylvania, for more convention fun.

Big smiles on the faces of PRU and DON ROSS, and PAT and DON WEBSTER -- reason, a second daughter at the Ross household, and a third boy for the Websters. Former member JACKIE DUNN also has a new son.

It's fun for me to write about all you busy gals, who also have time to give to

ABOUT ACTIVITIES

Mary DeCrane

Fall and Winter activities are now taking over where the Summer fun left off; but not before two of our Juniors walked off with trophies for their golf scores on North Olmsted Day. Mag Auklin shot a 52 and so is the proud possessor of the Class C Low Gross trophy, and Sheila Pogalies took the Runner-up trophy in the same class with a 58.

While Earl is trying to replant the grass in all our divots, the gals are going to be busy taking a little varnish off the newly-decorated Olympic lanes. Eight teams started rolling on Wednesday afternoon. There were no sensational scores --- our excuse being that the alleys were new and still a little "stiff". But Caroline Zupan got off to a good start with a 422 series, and our bowling chairman, Shirley Moir, showed us that she deserved the job by howling the high game of 176. Anyone interested in substituting occasionally can still call Shirley at ED 1-4261.

The Red Cross First Aid Course will be held in the basement of Fairview City Hall at 20795 Lorain Rd., starting on Tuesday, October 20, from 7:30 P.M. to 9:30 P.M. It will consist of five sessions of 2 hours each. A First Aid book is required and can be purchased for 75 cents. Bernice Hoftzyer will be chairman for this group --- call her if you are interested, RE 4-2366.

First meeting for the Art Course is to be held at Hildy DiFiore's on Thursday, October 15, at 8:30 P.M. Everyone interested is invited to attend.

Margaret Long is to be chairman of the Vocal Group. Contact her at ED 1-2635 if you are interested.

Lack of interest has caused cancellation of plans for a Drama Course; and only two girls were interested in Mr. Roberts' Rules, so there will be no Parliamentary Law Course.

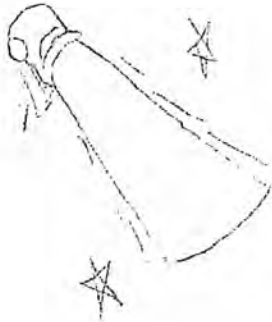

See you all at the Fairnighters' Dance on October 16th at the Olmsted Lodge. Hal Binkley will provide the music, from 9 P.M. to 1 A.M., and everyone will be Masquerading -- so don't forget to wear your funniest face!

\*\*\*\*\*

## BABY SITTER

A friend indeed is the familiar critter  
Known to us all as th "baby sitter".  
And grateful are we when she comes at our call  
And willingly, capably carries the ball.

But sometimes I can't help  
feeling resentful  
As over the months I look back.  
Our car is a has-been, everyone  
knows,  
But she has a new CADILLAC!  
--- BLM

IN THE  
SPOTLIGHT...

Ruth Jahnke

After hearing NORMA COLLADAY talk to Junior Women's last month on welfare, it makes you wonder if she would have time left for anything else. But slightly built Norma is also active in Pre-School P.T.A., P.T.A. Council, and Coffinberry P.T.A.

Norma went to John Marshall High School and Baldwin-Wallace College. Her husband, Richard, attended high school in Pittsburgh and then went on to Antioch College in Yellow Springs, Ohio. He is now a Mechanical Engineer at N.A.S.A.

They met each other at West Park Congregational Church and from there -- nature took its course. Two children, Don, 8, and Susan, 4, complete the family.

Amongst Norma's hobbies, when there is time, are bridge, gardening, and painting. This year they are also joining the Fairnighters Dance Club.

Right now she is in the process of doing needlepoint for a chair, and she says that any suggestions or help on the matter would be greatly appreciated!

When HENRIETTA SPETH was living with her cousin, she never dreamt that she would meet and marry "the boy next door" --- but that she did.

Before Henrietta met George, she attended school in Jefferson, Ohio, and later came on to Cleveland. George went to Collingwood High, and then studied at Fern. He is now employed by the Ohio Bell Telephone Company.

Henrietta enjoys bowling and dancing. In fact, they both enjoy dancing so much that they will again become members of the Fairnighters Dance Club. This year she is also a room mother for Gilles-Sweet P.T.A.

Aside from caring for two children -- Larry, 10, and Susan, 6 -- she is also interested in sewing, upholstering and painting.

Most of the paintings that are hanging on her walls have been done by her, which gives her home that rare Personal Touch so seldom found.

GALS ON THE GO

Ginny Driscoll

"Bon Voyage" to FLORENCE and ART FISHER, who sailed October 8th on the S. S. America for a two-month vacation in Europe. This is their second trip abroad, and they plan to buy another Volkswagen and drive around to see the places they missed last time. They'll be touring Scotland, Ireland, Wales, Germany, Holland, France and Switzerland. Their stops also include a visit with relatives in England, and Thanksgiving with friends in Rome.

CONNIE and VIC HAHN are back home after a Cape Cod vacation, and just returned from Florida are MARION and BOB COOK.

On the roads these days -- but only in Fairview -- are those bicycling belles who go whizzing down Mastick Road hill on Thursday mornings. JAY HAMILTON, UNIVERSE KRIST, DEE DAVIS, EVIE KEITH, JUNE SCHATZ, EDNA D'AMATO, LORRAINE WARREN and JO TULSON have rediscovered an old sport.

"I'll take golf", says HELEN PACKAL. She and EVELYN LIEDTKE are faithful Thursday morning fairway fans. These gals have it down to a science when they're able to manage eighteen holes on school mornings!

DORIS and GENE NEFF are showing visitors their ultra-modern coffee table, which Gene remodeled from an old dining room table. It seems that Handyman Gene took an old round table, divided it in two, put one side atop the other, and, ----- oh, well, go see it for yourself. I can't explain it, but it certainly is unique!

CONCERNING COMMITTEES

The Civic Committee is going ahead with plans for purchasing children's books and records for the County Library Branch in Fairview Park, and is also starting work on new therapy material for the Speech and Hearing Center. Some of the girls who are assisting Chairman Laverne Orvis and Co-chairman Pat Seeger with these projects are Mary Terbrack, Jo Chrysler, Dee Davis, Pru Ross, Peg Sankey, Marion Cook, Pat Mack, Marcia Peter, Mary Alice Wissner, Evie Keith, Thea Steinmetz, Renee Glamm, Donna Newman, Mabel Shockley, and Barbara Claypool.

Watch for publicity on the Fairview Park Blood Bank, under the chairmanship of Donna Newman, and keep in mind that the first unit will be held on January 25th, 1960, at Halle's westgate Room.

\*\*\*\*\*

Ways and Means Chairman, Nancy Wolf, reminds everyone of the first big project for the year -- the Semi-formal Dance to be held on November 14th at the U.A.W. Hall on Brookpark Road, from 10 P.M. to 2 A.M., and featuring Gene Beecher's Orchestra. Tickets are \$ 4.00 per couple, and if you have not yet been contacted, please call Mrs. Horace Ashby, ED 3-0657, to reserve tickets. Co-chairmen for the dance are Mrs. Robert Cook and Mrs. William Strong, and Mrs. John Spall will be in charge of the decorating. There will be door prizes and other prizes to be raffled off during the evening. Let's all help make this dance a success by going ourselves, and taking our friends!

KID-BETS

I was sitting here at my typewriter the other evening waiting for an inspiration, when my six-year-old Susie came in to show me her new wiggly tooth. I said, "Well, isn't that nice," Susie said, "Yeah, you know, Mom, pretty soon I may not have any teeth, but boy! will I be rich!" I thought to myself, why don't I write down some of these things the kids say that to parents are so hilarious; and I thought, no doubt lots of parents have funny things they remember, So I began asking around, and these are some of the things I heard:

- \*\*\*The time UNIVERSE KRIST had a party and her little boy, TODD, waylaid a female guest on her way to the lavatory and told her, "Now be very careful you don't get the wallpaper wet, it's brand new!"
- \*\*\*SHIRLEY MOIR's boy TIM was due a spanking and when she wound up to give him a little smack, he threw both hands up over his head and said, "You wouldn't dare strike a child!" At the bowling alley last year, Tim was having his troubles with the TULSON twins, JIMMY and JOHNNY. Shirley finally said, "Well, Tim, just stay away from him." Tim, not realizing it was twins he was up against, said, "Mom, I try to, but every time I go someplace, he's always there."
- \*\*\*The KNEEN boys were all excited when the new baby came home from the hospital, and little HAL could hardly contain himself when he first noticed the baby's naval. "Look, Mom," he yelled, "they forgot to take the price tag off!"
- \*\*\*PAM HOPLER went to her first high school football game and was thrilled to pieces through the whole thing. When they arrived home she thanked the neighbors who had driven the girls, for the wonderful time, and added, "And who won?"
- \*\*\*MARY HOFFNER and her older boys have been telling the youngest for years how much fun he's going to have when he gets to school and learns to read. Now he's in first grade and bringing books home to learn to read, and the other evening as he pored over them he told her, "Mom, I sure don't think this is the fun you were telling me it would be."
- \*\*\*When DEE DAVIS' DON was little and hearing for the first time the story about Red Riding Hood walking home through the woods he said, "Well, gee, why didn't she just take a bus?"
- \*\*\*One of the Kindergarten classes was asked, which would you rather have, 10 jelly beans or 5 jelly beans. All the children said 10, except NORMA CORNELIUS' boy. When the teacher asked him why, he said, "Because 10 would give me a tummy ache!"
- \*\*\*BERNICE HOFTYZER's boy in the first grade couldn't figure out why one little girl was so sad in school. He asked, "Why is she crying -- nobody even hit her."
- \*\*\*EVIE KEITH doesn't bake often and was very proud of the pie she made the other day until her daughter BARBARA came in and asked, "Oh, who brought the pie over?"
- \*\*\*WENDY LOU, BETTY LOU MAREK's first grader, proudly brought home a farm scene picture she made which had in it a "halo" (silo), "You know, where the farmer keeps his hay."
- \*\*\*JUNE and MARV SCHATZ took the girls to the Art Museum and on the way home asked them what impressed them the most. Mari's answer was, "I liked the chairs so I could go and sit down!"

Well, guess that's all there is room for this time. Anybody else have any "funnies" they'd like to share? Let me know, and I'll do a column again on them sometime. See you next month.

Jay Hamilton

JUNIOR NOBELS

Thea Steirnetz

What is a hobby?

Webster's dictionary defines it as follows: "An engrossing topic, plan, etc. to which one constantly reverts; an occupation to which one gives his spare time." Yet we think there is a little more to it. A hobby is not only something we fill our spare time with, but rather something we make time for. In the coming club year we shall try to explore some of the fascinating hobbies our FPJWC members have. We have so many talented girls in our club, and it will be a pleasure to report about them.

The bright footlights are shining on FLORENCE FISHER, who certainly does not need an introduction -- nor does her hobby. We all remember the long, hard hours she put in on our "Follies", and how she piloted it to the success that it was -- especially considering what she had to work with!

Florence doesn't remember where or when she first became interested in the theater but rather thinks that interest had been there all the time. Whenever her school put on a play, Florence was in it. Later, while studying piano, organ and voice at the Juillard School of Music, drama held equal fascination for her. Upon her return to Cleveland to get married, she shared her hobby with her hubby. The first year of their marriage was a pretty hectic one, with Florence serving as President of the Fairview Players, and Arthur as President of the Shaker Players. An evening home together was almost as rare then as it is today. This season, both hold offices with the Huntington Players -- Florence is Vice President, while her husband keeps tabs on the purse strings and serves as Treasurer. Currently the Fishers are traveling in Europe.

CLUB CALENDAR

- Oct. 19 - Regular Meeting, 8 P.M.,  
Bain Cabin
- Oct. 20 - Red Cross First Aid Course  
begins, 7:30 P.M., at  
Fairview City Hall

\* \* \* \*

- Nov. 2 - Mental Health Group ward  
party at Cleveland Psychiat-  
ric Institute
- Nov. 9 - Civic Committee meeting,  
8:30 P.M. at Pru Ross's
- Nov. 14 - Semi-formal Dance, 10 P.M.  
to 2 A.M., at Local 1250 -  
U.A.W. Hall
